In Moore County

Benefits

Direct Benefits to User (You):

Creating a Community C.A.R.E. Profile helps you...

- Quickly, at one location and with one system, obtain an individualized list of local programs and services that will help meet your family's holistic needs based on your responses to the online Profile questions.
- Get in touch with local service providers recommended to you by the Community C.A.R.E. system.
- Discover programs and services you never knew existed in Moore County and explore new options that are offered to you because they are relevant to your family's needs based on your responses to the online Profile questions.

Benefits to the Community:

The Community C.A.R.E. Project will benefit Moore County because it will...

- Bring providers from diverse facets of our community together for a common cause; supporting the holistic development of young children to promote future successes and generate positive, productive members of society.
- Offer insight to the true needs of Moore County families by providing real data, which will justify existing programs and validate the implementation of new projects.
- Strengthen our economy and cohesiveness as a community through the successes rendered by every child and family who uses the Community C.A.R.E. system.

Benefits to Providers:

The Community C.A.R.E. Project will...

- Provide you with a free outreach tool to interface with the community, ensuring that you have provided your clients with the most current and reliable information pertaining to your agency and its services.
- Save you time by cutting down on the amount of referrals you make to other service providers and streamlining your intake process by matching families to you based on their needs as determined by their responses to the online Profile questions.
- Offer you a more comprehensive overview of client needs and provide data for grants or new projects.

Description

The Community C.A.R.E. Project is a free online resource that allows Moore County families to ensure that they are receiving all the services they need to be happy, healthy, and successful.

Completing the Community C.A.R.E. Profile questions will identify your family's specific needs and help you meet those needs by connecting you to agencies and resources within our community.

To Complete A Profile:

- Visit our website at www.moore4kids.com
- Click on [CLICK HERE TO GET CONNECTED!](#)
- The first tab, [Create A Profile](#), provides a link to the online Community C.A.R.E. Profile.

Get Connected

Getting connected to local agencies and resources is easier than it has ever been! Follow these simple steps to create a Community C.A.R.E. Profile and develop your personalized Success Plan;

1. PROFILE

A Profile is a series of questions which help identify services that you and your family may need.

2. ANALYSIS

Once the Profile has been completed, the Community C.A.R.E. system will analyze your Profile and provide you with a list of services that you might find useful, along with an explanation of what each entails. From that list, you may choose the services that you find most useful.

3. SELECT PROGRAMS

Based on your selection of services, the Community C.A.R.E. system will generate a sorted list of programs in Moore County that can help you receive those services. You are encouraged to review the list and select the programs you think will be able to help you and your family receive the services you need.

As you make your selections, you may also choose to share a copy of your Profile with each program you select. Doing so would allow those programs to follow up with you and address any questions you might have.

4. SUCCESS PLAN

After you complete your selections, a Success Plan will be developed exclusively for you. Your Success Plan will list information about each program you selected and can be used to help you meet your family's needs.

Our goal is to make receiving services for you and your family as simple and hassle-free as possible, all while ensuring your privacy and freedom of choice.

When you complete the Profile, you will be asked to create a User Name and Password.

Keep this information, so you can login to the Community C.A.R.E. system again.

User Name: _____

Password: _____

(Your password must be at least 6 characters.)
