

## North Carolina State Legislature

The North Carolina State Legislature gives Smart Start an allotted amount of money each year.

## Smart Start

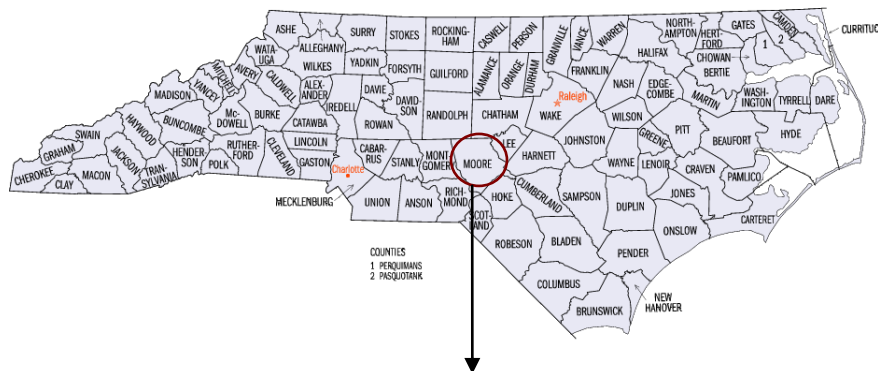

Smart Start is North Carolina's nationally recognized and award-winning early childhood initiative designed to ensure that young children enter school healthy and ready to succeed.

Smart Start, then, distributes that money to each of their Partnerships.

## Smart Start has Partnerships in every county of North Carolina.

Smart Start has Partnerships in every county of North Carolina in order to address the needs of children and families specific to each county, which in turn enables Smart Start to ensure that young children enter school healthy and ready to succeed.

## We are the Smart Start Partnership in Moore County.

We envision Moore County as a community actively engaged in the development of children. Our mission is to unite the community to effectively support and empower families, prepare children to succeed in school, and encourage life-long learning; thereby contributing to the economic vitality of Moore County.

Partners for Children & Families

Finally, we use Smart Start money to fund programs & services that benefit Moore County children birth to five & their families.
